

FINAPRES BLOOD PRESSURE UPDATE 2016

Syncope Assessment and Tilt Table Testing

Monday 12th December, 2016

Chandos House, London

Clinical presentations, by high profile speakers, will be followed by workshops for “hands-on” familiarity with the full range of Finapres monitors.

The meeting will cover the following topics:

- Syncope – The Scope of the Problem
- Setting up a Syncope Clinic and Syncope Management
- What’s New in Syncope
- Investigating Autonomic Causes of Dizziness and Syncope
- Clinical Autonomic Assessments
- Syncope Cases and Traces

In association with Finapres Medical Systems

www.chandoshouse.co.uk

Chandos House is centrally located in London, located near to Cavendish Square on the intersection of Chandos Street and Queen Anne Street. The house is within walking distance of 3 underground stations.

Location Map:

Getting There:

By underground and train: Bond Street and Oxford Circus underground stations are 5 minutes walk from Chandos House, both with direct connections from Victoria, Marylebone, Kings Cross, Euston, Waterloo, Paddington and Liverpool Street. Great Portland Street is a 15 minute walk.

By road: The Harley Street car park is located virtually next to Chandos House. There are also car parks on Cavendish Square and Cramer Street, both five minutes away.

By air: Gatwick, Heathrow and Stansted airports offer good transport links into Central London. Depending on your means of transport, we advise a minimum of an hour and a half to get to Chandos House from the airport.

Accommodation:

A limited number of rooms are available at Chandos House. There are many hotels in close proximity to Chandos House, including the Holiday Inn, Oxford Circus; The Langham; Radisson Edwardian Berkshire and the Grange Fitzrovia.

FINAPRES BLOOD PRESSURE UPDATE 2016

Syncope Assessment and Tilt Table Testing

Chandos House, 2 Queen Anne St, London W1G 9LQ
Monday 12th December, 2016 (9.00am to 4:30pm)

Outline Programme:

A meeting of interest to clinicians, technicians, nurse specialists and researchers who use continuous non-invasive blood pressure measurement for clinical and research applications, for syncope assessment, autonomic function and tilt table testing.

High profile speakers from both clinical and research backgrounds will present on a series of topics. These will be followed by workshops for "hands-on" experience with various Finapres monitors and software.

Presentation Topics:

- Beat-to-Beat Technology & Methodology
- The Work of STARS (Syncope Trust & Reflex Anoxic Seizures)
- Syncope Assessment
- Tilt Table Testing
- Setting up a Falls Clinic
- Investigating Autonomic Causes of Dizziness and Syncope
- Clinical Autonomic Function Testing
- Syncope Cases and Traces

Workshop Themes:

- Finapres BP in Practice
- Application Tips and Tricks

Keynote Speakers:

Prof CJ Mathias (London)
Prof JG van Dijk (Leiden)
Dr SW Parry (Newcastle)

Dr EM Hagen (London)
Dr PB Lim (London)
